1.4.185
a Lesson in the University of The New Covenant
Theodore Cottingham, June 15, 2006 about 6pm on train from London to Guildford
www.unc.bz

1. I am revealing me to me the likes never before have been. This is the time place space, and I have my thoughts in thee; or is there just one space-time of only me? And what of space and time and gravity-less thinking/existence?

2. I love you me-ing my brethren who one are in spirit/energy/existence and whoso can see the son shining; and who makes up the light, and from what carnal stations the mind comes, not; but radiance only my spectre/spectrum; and Harriet/Tom of only me see. I love you Mark, Lewandowski not, Lewis, and Lewandowski's of only me arise. Watch me. I arise my Mark's and Lewis' Lewandowski's arise in prominence of not-me, not; but my arisal-arisen and surrendered meekness of one surrendered for all. I love you. I give them all of me they want, ask for, not; surrender, surrender, surrendering the lamb, slain forevermore. Amen. I love you/them.

3. Thou art/hast beholden me not like you're about to. Thank you one for not ascribing to my weakness but my strength, in me, for I have none other but strength bound by unbelief of/in who I am. I love you all. Amen.

4. Go in peace and proclaim my name/blessing on I Am/Kumar and Laura and hosts of heaven proclaiming my heavenlies in Guildford/London and surrounding areas, not; England all and Wales into Scotland. And who can see the sun shining on Eurasia, Africa and continents all; continent one? I love you all. Amen. I give/I've given you all of me. Amen.

5. Expect the unexpected/blast of only me becoming mine. POW! Bang! Blasted forth, or birth forth the man among men, not; but me firstborn not, second'd, not; second and seconding now all into quarksville beyond quarks of only me.

I love you all in heaven. Amen.

Me
